

MALTERNATIVE - CLEAR LIME

(0% Alc)

Beverages Centre of Excellence, Amsterdam, Tel: +31 36 5233 100

Description:

A refreshing soft drink built on a base of malt extract, and added sugar with subtle beer type characteristics (hop, malt, fermentation flavours, slight bitterness, foam), and citrus fresh notes (lime/lemon). Designed to be a highly drinkable / sessionable type beverage. Well balanced, refreshing, not overtly sweet, hop and lime notes bring the refreshment and drinkability aspects.

Kerry Delivers:

- Flavours: beer, malt, hop and citrus
- Foaming system: Biofoam SD

Label Declaration:

Water, maltodextrin, sugar, malt extract, carbon dioxide, natural citrus flavourings, citric acid, hop extracts, natural flavourings, malic acid, foam stabiliser: propylene glycol alginate, colouring: caramel E150c, ascorbic acid

Nutritional Value:

Calorific Content: 32 kcal/100ml

Flavour Solutions for Malt and Beer Based Beverages:

Kerry offers a complete range of natural declared flavouring systems bringing authentic and exciting flavour notes to malt beverages, flavoured beers and beer mix drinks. Whether you want to deliver top-notes typical of the named fruit or you want to bring cereal notes, fermented notes, authentic alcohol notes, or cocktail notes – Kerry has the solution.

Biofoam™ Solutions:

- A range of products for malt and beer based beverages
- Improves natural foam appearance and foam stability
- Enhances foam cling on side of glass
